**C.A.S.H. WORKSHOP: Local Funding Options in a Down Economy - What You Need to Know**

**Registration:** 8:30 a.m. - 9:00 a.m.

**Program:** 9:00 a.m. - 3:30 p.m..

As State and local funding sources become tighter, many school districts are forced to provide a larger portion of their school facility project funds from local sources at a time when local voters may not be supportive of local revenue generating proposals.

This workshop will help you decide what type of local funding options might be best given your local school district needs and circumstances during this unprecedented fiscal situation. The workshop will:

- Detail the legal and practical requirements of various local funding mechanisms including:
  - 55% and two-thirds local bonds
  - parcel taxes
  - and School Facility Improvement Districts (SFIDs)
- Discuss the pros and cons of each option
- Advise on how to plan and implement a successful local measure
- Discuss legal and practical obligations following a successful election
- Discuss what steps and options are available if your local measure should fail

**Workshop Locations:**
