32nd Annual Conference on School Facilities

**YOUR CHALLENGES. YOUR SOLUTIONS.
YOUR CONFERENCE!**

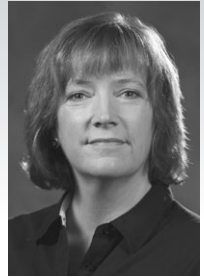

February 21-23, 2011

Sacramento Convention Center/Hyatt Regency

– *Registration Coming Soon* –

NEW CONFERENCE FORMAT...

Understanding how difficult it is for C.A.S.H. members to be out of the office for four days, the Annual Conference Planning Committee has made some exciting changes to the format of this year's conference. We will be adding content to Monday and condensing the conference down to three days, Monday – Wednesday, yet still offering the same educational opportunities. On Monday we will be offering exciting, interactive workshops you won't want to miss! Topics will include Professional Development, hands-on sessions on Building Information Modeling (BIM) and classroom technology, a case study on recently completed Career Technology School that provides students with training in the culinary arts, and much more.

*Cathy Allen, Annual Conference
Planning Committee Chair*

More information to come.

Look for your Conference Brochure in early October.
