

ABOUT

C.A.S.H.

The Coalition for Adequate School Housing (C.A.S.H.) was formed in 1978 to promote, develop, and support state and local funding for K-12 construction.

School district members represent 93 percent of the pupils in California and have the greatest need for funding of new classrooms and modernization of old schools.

C.A.S.H.'s membership contains over 1,500 school districts, county offices and private sector businesses, including attorneys, consultants, construction managers, financial institutions, modular building manufacturers, contractors, developers and others in the school construction industry.

C.A.S.H. is your voice in Sacramento to advocate for funding to build, modernize and maintain K-12 public schools in California.

Since 1982, C.A.S.H. has sponsored or supported over \$45 billion in statewide school bonds to build and/or modernize thousands of schools.

For more information, visit the C.A.S.H. website at www.cashnet.org.

For any professional who is involved in school facilities, C.A.S.H. is a must as an organization to participate in.

Dave Doomey, Associate Superintendent Facilities Planning, Capistrano USD

With changes in legislation and regulations in the State School Facility Program, C.A.S.H. is an essential help to school districts and county offices of education to optimize state funding opportunities.

Bill Cornelison, Superintendent, Lake County Office of Education

C.A.S.H. is the one organization in California that addresses all school facility issues—funding, new construction, renovation, maintenance. It is the “one-stop” place for school facilities.
